BOWNESS

BOWNESS

A masterclass in crafted cabinetry, Bowness offers a timeless design that is available in a Natural Oak or Painted finish. We think that thanks to its attractively simple shaker lines, Bowness comes alive with the natural warmth and welcoming beauty of wood or when splashed in colour. Take inspiration from how we've used colour, then choose from the extensive Painted palette – or go Bespoke Painted. Of course, there is also the increasingly popular option of blending the painted and natural oak finish to give this iconic shaker style added appeal.

A carefully-chosen mix of accessories; smart curved, glazed and feature decorative doors help you to build in further character and personal preferences. Take a look at how we've used features such as the over-mantel and spice drawer with tray sets to inject premium period finishing touches.

RANGE HIGHLIGHTS

NATURAL OAK OR PAINTED FINISH / CURVED DOORS / GLASS DOORS / UNIQUE ACCESSORIES

GRANGE

GRANGE

Grange takes the quintessential English shaker-style into a new, statement-making era, by distinctively blending our superior UK craftsmanship and carefully-specified materials, with the well-considered features that modern living demands. Such craftsmanship delivers authenticity from top to bottom and creates a sophisticated look that is driving current kitchen trends. Equally on trend is mixing a more contemporary pared down look within such a premium kitchen – see how we have incorporated simple slab style drawer sets against the shaker doors for example.

Thinking carefully about the overall look and the finishing touches can take the Grange into a spectacular class of its own. Sweepingly high cornice and upstands crown the cabinets to elevate the period elegance in every sense. At the base, decorative plinths create authentic character with the smart moulding giving a more solid appearance that is true to the original ethos of the in-frame design.

The gentle, but solid lines of the Grange in-frame design work effortlessly across freestanding features and sizeable units alike. Finishing touches such as dovetail timber drawer boxes and attractive decorative hinges ensure the look of luxury is permeated throughout.

THE - DETAILS -

FREESTANDING ELEMENTS, SUCH AS DRESSERS AND LARDERS, CAN HELP MAXIMISE THE USABILITY OF YOUR SPACE.

They benefit not only the overall look but can also provide welcome additional storage and work surfaces. Use these beautiful pieces of cabinetry to store food and everyday kitchenware out of sight, making for both a functional and decorative use of space.

Freestanding dressers can also be great statement pieces and can be easily moved within your space offering a simple yet effective way to subsequently update your layout without a full re-design. Try opting for a style with glass doors to display your favourite pieces of china and glassware without hiding them away. You can also flex your freestanding pieces in line with your design preferences – using them to add statement colours and finishes, or naturally co-ordinate with an overall kitchen style. Why not add in some neat little features such as chopping blocks, wine racks and shelves for recipe books

Of course, an uncluttered interior is the best way to make these free-standing pieces really shine. So, count on our well-honed storage solutions to enjoy an increased capacity and a sense of order that will make your kitchen work like a dream.

IN-FRAME, CLASSIC FINISHES

We have carefully-curated a palette of thirty on-trend shades to create statements and beautiful contrasts against Natural Oak, plus colours that work hard in your kitchen; that affect mood, productivity, respect natural light and enhance existing living spaces.

A Basically Trade kitchen can be personalised from our stunning palette of painted finishes. Our kitchens are expertly painted by skilled technicians using paints that guarantee colour-fastness whilst having a low environmental impact. This quality commitment achieves perfect results, highlighting the subtle beauty of your kitchen's woodgrain beneath your colour, or creating flawless smooth matt finishes for our contemporary schemes.

If you can't quite find your perfect match from our palette or want to make a very confident colour splash, then turn to our Bespoke Painted service. Simply provide us with any paint manufacturer's reference, and we will produce an accurate match for your painted kitchen.

Our latest additions are shining examples of colours that are taking centre stage in interior schemes. The new shades of green – Thyme, Willow and Fjord Green – continue to support the popular botanical trend, creating a sense of order and calm to your interior. Grey remains as the hottest hue in interior design; helping to define architectural lines and is naturally suited to minimal, contemporary layouts. Anthracite and Pale Smoke, our two new add-ons offer options at either end of the grey colour spectrum.
